**Hansberger Announces Approval of Increasing District Attorney  
Offices at Morongo Law & Justice Building**

Supervisor Dennis Hansberger is pleased to announce that today, the Board of Supervisors approved constructing new office space for the Sheriff Court Services and remodeling of their former space to make room for four new District Attorney offices at the Morongo Law and Justice Building in Joshua Tree.

“We need to make sure our public safety providers have the tools they need to do their jobs,” Hansberger said. “This makes sure the District Attorney has those tools.”

The project is estimated to cost \$250,000 and will provide modular office space for the Sheriff’s Court Services making room for the District Attorney to move into offices formerly used by the Sheriff.

Bids to complete the work are due by August 22<sup>nd</sup> and, once the bid is awarded, work is scheduled to be complete within six months.
